Fourth Quarter Installations Logged by Web Press Corporation

A Times Citizen Communications facility, Spokesman Press in Iowa Falls, IA, has finished the installation of a complete line of WPC equipment. The press line consists of three Quad-Stack units, and WPC 4130 folder, and associated drives and roll stands.

Freedom Communications ordered a Quad-Stack to be installed at in a right angle configuration at its Clovis, New Mexico facility (The Clovis News Journal). The unit is an addition to an existing Harris V-15A press line.

The Memphis Daily News, in Memphis, Tennessee is the recipient of a rare refurbished Quad-Stack unit. The unit, which was originally a floor model, was mounted on a roll stand before being delivered for installation on a Goss Community line.

Datascope, Ltd, in Enniscorthy, Ireland, installed 2 Quad-stack units, splicers, drives, and angle bars to merge with an existing Solna press line. This was the first installation of the popular Quad-stack on Solna machinery.

P & P Press (Peoria, Illinois) and Andersonstown News (Belfast, Northern Ireland) current Quad-Stack owners, each ordered an additional Quad-Stack unit for their press rooms.

Additional end-of-year orders are on the books, and will be announced after installation in 2007.
