

"Can't get any better"

Marco F. Alvarado, Director Operaciones
República Media Group, San Jose, Costa Rica

"I found the Quad-Stack™ press to be custom made for my purposes.

I needed something compact, extremely efficient, easy to take care of and affordable. I wanted a real support team behind my back and personalized treatment from the supplier. I got all this in one package.

A year after running the equipment, I reduced the waste about 25%. My make-ready waste is 150 copies average, on two webs in full color.

I'm happy, my commercial printing clients are happy, and my crew is happy.

Can't get any better, can it?"

The Republica Media Group added two Quad-Stack™ units to its Goss Suburban press line to increase color and decrease wastage.
