Web Press Corporation Notes International Sales

Web Press Corporation announces the sales of the following equipment:

In South America, Editorial Nuevo Dia C.A., Coro, Venezuela has ordered a complete pressline consisting of two Quad-Stack™ 4 over 4 color units, one single UPM perfecter, and a WPC4130 folder. Installation is slated for August.

In Greece, Chaniotika Nea, the daily newspaper of Chania, Crete, Greece has ordered a unique pressline consisting of three 2-high UPM units (equipped with spacers for two-web capabilities), two Quad-Stack™ units, and a WPC4130 folder equipped with an air former and quarter-fold package. All units will be equipped with integrated roll stands. Additional roll stands and angle bar packages are being included to supply the press line with the capability to add a second web through each of the two-high units. Chaniotika Nea will also be installing a UV commercial printing setup. Installation is slated for November.

Also in Europe, the Midland Tribune, Birr, Ireland has ordered a single Quad-Stack™ unit to further expand their existing color capacity. The Midland Tribune has been using a Quadra Color CIC unit for 4/0 color. The Quad-Stack™ installation in Ireland is also planned for November.
