Media Trust to Install WPC Press Line

Media Trust, Abuja, Nigeria, has purchased a complete pressline consisting of 4 WPC4125 perfectors, 1 Quad-Stack 4+4 color printing unit, and a WPC4125 folder from Web Press Corporation.

The contract was firmed after officers from Media Trust traveled to DRUPA to meet with Gary Palmer, President of Web Press Corporation, and then visited a similar installation of WPC equipment in Scotland.

Installation is scheduled for 4th Quarter, 2004.

Other recent Web Press Corporation sales:

Douthit Communications, Inc. (Sandusky, OH), has ordered 1 Quad-Stack to increase color capacity in its Harris line.

Garland Printing (Spokane, WA), has chosen to expand its Goss Community line by adding a Quad-Stack and roll stand.

Nebraska Printing Center (Lincoln, Nebraska) has added 2 Quad-Stacks to an existing King line.

Oldham Associates, Springville, Utah, an existing Web Press Corporation customer, has ordered an additional 2 Quad-Stack units.

P & P Press (Peoria, IL) will be installing the first two units of the newly-repackaged silver and gray Quad-Stack during October.
