WPC CLOSES OUT YEAR WITH RECORD SALES

Web Press Corporation closed the 2004 sales years with its production team running full force to meet the demand.

Fourth quarter sales included orders for 7 additional Quad-Stack 4+4 color printing units:

Web Press Thunder Bay (Thunder Bay, Ontario, Canada), 2 Quad-Stacks

Wesco Graphics, Inc. (Tracy, CA), 1 Quad-Stack

Columbia Gorge Press (Hood River, OR) 1 Quad-Stack for addition to a Goss press.

Park Press (South Holland, IL), 2 Quad-Stacks and a WPC 4130 folder (also a Goss owner)

Gannett Supply (McLean, VA) for installation at the Springfield, VA plant, 1 Quad-Stack for addition to a King press.

Current sales forecasts indicate that Web Press Corporation will exceed 2004 sales in 2005.

“We’ve recently opened up some new international markets,” states Gail Sampson, Sales Administrator. “There is a lot of excitement for our products in these new areas, which will greatly multiply the Quad-Stack sales we see in the USA and existing established overseas areas such as Great Britain. The beautiful products being produced by combining the Quad-Stack with a UV system are allowing us to expand into the commercial market as well. We intend to capitalize on this trend in the coming months.”
