3RD QUARTER GENEROUS TO WPC

Web Press Corporation closed out the third quarter with booming press sales.

The Standard Banner (Jefferson City, TN) has ordered a Quad-Stack 4+4 printing unit for its Atlas press line. The Quad-Stack will be positioned at a right angle to the folder using angle bars to adjust the positioning of the webs enabling adjustable four-color to either the front and back of the paper or the center page spread.

The Jackson Hole News and Guide (Jackson, WY), continues to expand its presslines by purchasing a 3rd Quad-Stack.

Other recent sales include purchases by:

Andy Anderson Corporation for the Leader-News in Central City, Kentucky (1 Quad-Stack for addition to a Harris pressline)

The Advocate in Pictou, Nova Scotia (1 Quad-Stack for addition to a Goss Community pressline)

Falmouth Publishing Company, Falmouth, Massachusetts (1 Quad-Stack for addition to a Goss Suburban press line.

Coastal Newspapers, Rosenberg, Texas (2 perfecting units; 1 rollstand for addition to existing WPC equipment)

Register Tapes, Houston, Texas (1 Quadra Color & roll stand)

“We are ecstatic with the work our sales executives are doing,” states Mark Ricca, V. P. of Sales. “We have had to hire on additionally in both our assembly plant and installation to ramp-up to meet this increased demand. It is anticipated that our fourth quarter will meet or exceed our substantiated trend of successes as the months turn into quarters.”
